paper presentation (02/2024 - 02/2024)
Sastra College of Engineering

Inter College Competition
K s r college of technology tiruchengode, Face painting Competition

SKILLS

Java Full Stack Graphic Design SQL MERN

PROJECTS

Type Speed Test - Typing Game
○ DESCRIPTION : Type Speed Test-Typing Game serves as both a fun game and a practical tool for honing typing skills and accuracy within a set timeframe. Players engage in timed challenges, aiming to type accurately and swiftly, thereby improving their typing proficiency through enjoyable gameplay.

Image Processing And Downloader
○ DESCRIPTION : I Have used API connectivity to download the Images. This project is created by using Java Script and API.

CERTIFICATES

Java Programming (2024)
NPTEL

SQL (2024)
Great Learning

ACHIEVEMENTS

Hackathon - Bhumi 2024 (01/2024 - 01/2024)
We developed a glass mirror that identifies a person's mood using advanced technologies like facial recognition, machine learning, computer vision, IoT, and NLP. This innovative mirror analyzes facial expressions and other indicators to determine the user's emotional state, providing personalized feedback and suggestions to enhance their well-being. Participating in the hackathon gave us valuable knowledge and experience
